## The future starts here.

We are a student-oriented district where children come first and where students always remain at the heart of our commitment. Thanks to the efforts of our talented and dedicated staff, strong support from our Board of Education, involved parents and a community that values education, our students benefit from a rich and varied curriculum.

As we pursue our [Strategic Plan](#) to provide a first-class educational program for all our students, our ongoing commitment is to improve student achievement and to support all areas of student development.

### 24/7 School Libraries

PAUSD school libraries are no longer bound by building hours and school calendars. Through LibGuides and school library websites our resources are available to our community on demand. LibGuides is a web-based curriculum presentation tool that helps teacher librarians and teachers organize information online in many

different ways. Some LibGuides are subject-specific while others serve specific classes, particular assignments or special interest groups.

- Learn more about LibGuides by "touring" the examples featured on this page.
- Link to the Framework Tab and explore the PAUSD Elementary and Secondary School Libraries Information Literacy Continuum and other model frameworks.
- Take a look at the research that supports the importance of school libraries to the social and academic health of our school communities.

### Featured LibGuides

#### High School

- [High School Research](#)-Research best-practice modules
- [Physics](#)- This guide features TED Talks and RSS feeds from university labs
- [AP Psychology](#)-This LibGuide focuses on the research process and finding and exploring academic journals
- [Math Applications](#)- Tracking the work on contemporary mathematicians. This guide explores real world applications of math
- [Health Research](#)-Freshman research platform that scaffolds research by gathering reputable websites and information about the research process
- [Lord of the Flies & Psychology](#)-Part of literature unit that blends Social Science with English and includes a review of plagiarism and proper citation
- [Cool Tools for Teachers](#)- Learn new tech tools @ your library
- [Small Learning Community](#)-A knowledge resource for this group of educators

#### Middle School

- [Substance Abuse Research Project](#)

Subject: Protecting Children in the 21st Century Act

Kristen,

I hope all is well on this beautiful summer day!

Let me get you ready to comply with the e-rate program: Protecting Children in the 21st Century Act, by the time school starts again.

As you know, the most important aspect of the new Order is that Internet safety policies must "...include monitoring the online activities of minors and must provide for educating minors about appropriate online behavior, including interacting with other individuals on social networking websites and in chat rooms and cyberbullying awareness and response."

With Passport to the Internet, our engaging and effective Media Awareness program will demonstrate compliance by documenting your students' online activity in our 5 step program to a secure Internet experience. It covers:

- online safety;
- authenticating online information;
- recognizing online marketing ploys;
- protecting privacy;
- managing online relationships;
- dealing with cyberbullying.

Five different activities will also cover social networking, detecting online advertising ploys, authentication skills, smart web surfing, safe use of instant messaging including how to deal with strangers and cyberbullying, in modules developed for grades 4-5 and grades 6-8. Click here or paste this link to see our Passport to the Internet video tour on YouTube: <http://www.youtube.com/user/MediaAwareness#p/u/19/1UBPiYtDNXM>

Passport to the Internet is powered by Media Awareness, a non profit organization and is sold at \$250 per school, with a 20% discount for district wide implementation. Please let me know if you would like to get codes to our demo to preview the program, schedule a call or webinar with me, or get an official quote.

I look forward to hearing from you,  
Marie

- You forwarded this message on 2/25/2012 6:46 AM.

Hello,

We wanted to let you know that Diane DePauw at Saigon South International School (<http://libguides.ssis.edu.vn>) used your 'Elementary School Resources' guide as a template for a new guide they created. As the saying goes - imitation is the sincerest form of flattery!

However, if you are unhappy that your guide was used as a template or if it was used without your permission, you may email this user directly ([ddepauw@ssis.edu.vn](mailto:ddepauw@ssis.edu.vn)) or email Springshare support ([support@springshare.com](mailto:support@springshare.com)) and we'll contact this user and punish them severely (just kidding).

Hello,

A visitor to your site has provided the following feedback regarding the 'Elementary School Resources - Home' page located at <http://libguides.pausd.org/elementaryschoolresources>

**Visitor's Email:**

gecweb@everstrive.com

**Was this information helpful?**

Yes

**How useful is this page?**

5 out of 5

**Comments:**

Name the link something different. Libguides is an easy url to type but not a name that I would click on as a parent if I did not already know about it. The resource is GREAT. I have used the math games and shared them with other parents. I have signed my daughter up for the mathscore.com trial. Thank you for taking the time and effort to create this site. It is a lot of work and it IS APPRECIATED!
