Tips, Tricks and Gadgets

Force Quit – When your iPad Freezes

Hold down BOTH the Sleep/Wake button and the HOME button until your iPad turns off

Cutsom iPad Wallpaper

Save your picture >> Settings >> Brightness & Wallpaper >> Wallpaper >> Camera Roll >> pic your picture >> Set ____ which ever you want >> exit settings

Locking the Screen Orientation

Double press your Home button >> Swipe your finger across the bottom bar >> select the button on the left to LOCK or UNLOCK your orientation

iPad Split Keyboard Feature

Open an app that uses the keyboard >> with your thumbs pull the keyboard apart >> to put it back together use your thumbs to push the keyboard back together

iPhone v. iPad APPS

Remember that iPhone apps still run on the iPad, just at a smaller size!

Save your battery

Double click your Home button and hold down one of the icons on the bottom. Click the “-” to close the apps you are not using. Click the home button again once to close the bottom screen

Change the name of a folder

Hold down one of the apps until they are in wiggle mode. Double click on the folder you want to name. Tap in the name bar and rename your folder. Click on the folder one to close and save the information you typed. Click the home button again once to stop the apps from wiggle mode.

Lesson Plans with the iPad

23 Ways To Use The iPad In The 21st Century PBL Classroom

<http://www.teachthought.com/technology/23-ways-to-use-the-ipad-in-the-21st-century-pbl-classroom/>

IMAGINE	DESIGN	PUBLISH
Brainstorm authentic local problems with Mental	Design an automobile tire that reduces friction and uses zero non-recycled materials using Civil Engineering Calculations and Graphic Calculator	Use SlideShark to share the production challenges of a solar-powered iPad competitor
Analyze innovative narrative design with The Silent Story		Recreate a critical moment in history from 1 st person perspective using Storify
Curate relevant research that contradicts a given assentation of theory with Pocket	Create a logo that “brands” a relevant social issue that is under-served in mass media using Sketchbook Pro or Logo Maker	Write a documentary script that explores Global Warming from teenage perspective using Storyist
Use the visual design of Headspin: Storybook as inspiration for a mock video game, poem, or painting	Design physics-accurate protective structures with Dummy Defense , then compare designs using screenshots and Instagram	Use Penultimate to share annotated team thinking, where mock “design”, “Engineering” and “marketing” groups tackle issues
Skim multiple heavily populated twitter streams for important macro trends with Tweetbot	Create simple or complex 2d vector drawings as early product sketches for a widget that cleans oil spills using iDesign	Use Twitter to distribute blog articles that explore the context of a relevant social issue
Use a visual RSS feed like SkyView to prioritize relevant global problems, and map out the scale of each with iThoughtsHD	Infer geographical, social, or political characteristics of a city or country with Global Subway Systems	Capture and stylize an otherwise “invisible” local issue using Instagram
Skim, select, consume, and evaluate relevant podcasts of an extended period of time to stay current on an issue relevant to a project or issue using Podcasts	Reconceive a school building in light of the modern need for collaboration and technology access using MagicPlan	Create imagery that demonstrates a given mood, tone, or theme using Painterresque
Use Virtual Water to localize and begin problem solving clean water access	Rethink the layout of a city to diminish the need for extended commutes using Google Earth	Envision an internet start-up that solves the problem of information overload using Sketchbook Pro

25 Ways To Use The iPad In The Classroom By Complexity

<http://www.teachthought.com/technology/25-ways-to-use-the-ipad-in-the-classroom-by-complexity/>

The Teacher's iPad Spectrum

CONSUME	COLLABORATE	PRODUCE
<p>Monitor multiple twitter streams, hashtags, and @ responses via tweetdeck</p> <p>Trace a character's journey in a work of fiction with Google Earth</p> <p>Visualize how certain themes or motifs emerge from certain geographical regions, and infer the cause-effects relationships that may contribute to that with Google Earth</p> <p>View presentations that model elaborate multimedia idea development with Prezi</p> <p>Skim channels to identify non-obvious but "real" examples of "academic" ideas-bias, straw man arguments, the scientific method at work, allegory, modern civil rights issues, etc. using YouTube</p> <p>Listen to podcasts to gain context on an issue via Downcast</p> <p>Practice math or economic problems as pure test-prep with Khan Academy</p> <p>Take notes—and record lecture and group discussion sound—using CaptureNotes 2</p>	<p>Evaluate credibility of a website, blog post, or social media comment with Skitch</p> <p>Haphazardly curate relevant tidbits or sources—and then collaboratively reorder content with Pearless</p> <p>Plan necessary project details with Wunderlist</p> <p>Peer-supported writing process with Google Docs</p> <p>Connect with mentors or experts via Twitter</p> <p>Collaboratively pin images of a competitor's design when mock-planning startup via Pinterest</p> <p>Backwards plan projects and related due-dates using iCalendar</p> <p>Record group work daily for reflection, self-assessment, and digital portfolio Curation with Evernote</p> <p>Aggregate constant ino streams to skim via Pulse</p> <p>"Crowdsource" implicit themes or character development in the study of a novel with Edmodo</p>	<p>Create "layered" documents that use hypertext to embed supporting sources or media with Google Docs</p> <p>Create a concept map to explain the relationship between a YouTube video and the suggested YouTube videos</p> <p>Collect visual evidence of a problem, issue or event using Instagram</p> <p>Demonstrate the spread of a philosophical idea using Google Maps</p> <p>Create infographics that further expository writing where one form provides info the other struggles to using visual.ly</p> <p>Liveblog a personal or academic event via Storify</p> <p>Create photo collage to demonstrate impact of pollution, litter or even genocide using Diptic</p> <p>Create podcasts to communicate with parents (dates, projects, exams, learning targets) using Audioboo</p> <p>Reflect on metacognitive progress through a unit or project using representative images via Flickr</p>
